TO WHOM IT MAY CONCERN

I feel exceedingly glad to know about Doctors Prescription Data Bank Multimedia software which is being developed by Mr. S.M. Darraj Hossain, fellow (F-096) of Bangladesh Computer Society. The aim was to produced a multimedia Software containing symptoms, description and treatment of common diseases (more than 100 diseases covered) to support public health and primary health care for the masses.

I am confident this initiative by Mr. Darraj will pave the nation towards better healthcare which is one of basic needs. As a president of Bangladesh Computer Society, I hope to put his creation in use by NGOs working in rural and remote areas and he has been working in joint collaboration with the Ministry of Science and Information & Communication Technology to achieve this purpose.

I wish this endeavor be crowned with great success

24/4/04

Professor Dr. Aminul Hoque
B.Sc. Engg., M.Sc. Engg., PhD, Post Doctor (U.K.)
President
Bangladesh Computer Society
